I have been told by Jacalen and Jenae that they can not attend this coming Wednesday Corps/EPA meeting. Do we need to reschedule this one, or can it wait till our next scheduled meeting (set up the Wednesday after next)? I can't think of anything that we need to discuss with the Corps tomorrow and unless I hear otherwise from one of you, I will cancel the meeting tomorrow and we will skip this one.

Yvonne, have you heard back from the Corps regarding the question of whether Electron was to have monitored for turbidity prior to 2020?

I am setting this separate invite up so we have a location for questions, etc that we may want to ask the Corps. Anyone can add the Qs. (Yvonne, Charissa and I discussed this morning....)
